

BRIGHTHUB **Finance**

XONE First Hybrid Stablecoin Infrastructure Platform

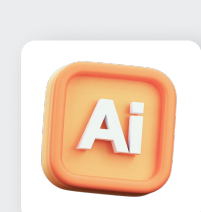

Hybrid Algorithmic Stablecoin + Artificial Intelligent + RWA
Building a new generation DeFi ecosystem!

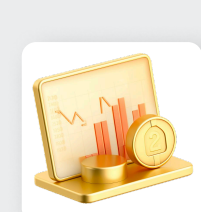

- BrightHub Finance is the world' s first hybrid algorithmic stablecoin infrastructure platform, integrating a four-token synergy mechanism, AI-driven optimization, and real-world asset (RWA) backing to drive innovation in decentralized finance (DeFi).
- Through ISO (Initial Stake Offering), BrightHub Finance has built a secure, transparent, and efficient Web3 economic system, enabling global users to benefit from the wealth growth opportunities brought by DeFi.

Core Platform Features:

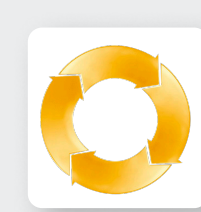

- Hybrid algorithmic stablecoins (BHC & USDB) to enhance capital efficiency.
